

CALL FOR PAPERS

12th Annual

Undergraduate Research Conference on Applied Computing

**Zayed University
Dubai, UAE**

April 15 & 16, 2020

The 12th Annual Undergraduate Conference on Applied Computing (URC 2020) aims to provide a forum for students and faculty members to present their research ideas and interact with other young researchers from educational institutions across the Arab world, expert faculty, and leaders from the IT industry. Therefore, if you are an undergraduate student working on a final year project in any computing field, you are encouraged to submit one-page abstract for a lightning talk, live demo, or poster presentation; or a full paper to a special track. All submissions will be reviewed by expert faculty and feedback provided to authors. In addition to student presentations, the conference program will feature invited presentations from academia and industry. Join us to present your project and expand your professional network.

Conference Format

Submissions are welcome in four categories. Participants will have a chance to get published in the ebook of abstracts or IEEE Xplore, and get a chance to win one of the presentation awards.

- **Lightning Presentations:** present your research project in a short oral presentation style.
- **Live Demos:** present a novel application, system or tool you have fully developed – live demo of how it works.
- **Poster Presentations:** present your project in an exhibit style setting with a poster.
- **Special Tracks:** submit a full paper to a special track. See conference website for details.

Registration Fee

The registration fee for the first three categories is 150 AED per person and includes admission to all sessions, a copy of the ebook of abstracts, meals (breakfast, lunch, and coffee breaks), and a certificate of participation.

The registration fee for **special tracks** is \$250 USD per author and includes all of the above, and publication in IEEE Xplore.

Submission Guidelines

Prospective authors are invited to submit a one-page abstract describing their final year project or on-going research project work; OR a full paper to a special track. Please follow the following guidelines:

- Use the templates available on the conference website for your submission.
- All submissions must be made online. Please check the conference website (www.urc.ac) for further instructions.

Important Dates

Abstract Submission:	Feb 16, 2020
Special Tracks:	Feb 5, 2020
Notifications:	March 2, 2020
Final Submissions:	March 16, 2020
Pre-Registration:	March 16, 2020
Conference:	April 15-16, 2020

Conference Proceedings

Abstracts will be published in the URC2020 ebook of abstracts, and full papers in IEEE Xplore.
